FUN ACTIVITIES FOR SUMMER VACATION 2021

HOLIDAYS HOMEWORK -

"Keep the child's brain active over break without them knowing they're doing homework"

Dear Parents

The much awaited summer break is here! This is the time that children enjoy the most. Along with all the fun activities that they will do, we would also like to keep them productively occupied with some academic work. Keeping in mind the current situation in the country, we have given assignments which will not require any materials to be bought by you. A few worksheets of each subject have been prepared to help your child revise the concepts done in the online classes. You are requested to take out printouts of the worksheets.

Please ensure that your child spends some time every day to complete these worksheets. Let them first attempt it themselves. Assist them only when required. They will surely enjoy doing them!

All the worksheets should be kept systematically (subject wise) in a folder. This will be helpful while revising the concepts later. The date on which the worksheet is done should be mentioned.

Wising all the children "Happy Holidays!"

STAY SAFE AND HAPPY

Special Note: -

- **Holidays Homework consist 10 marks for each subject.**
- **Take out the printout of worksheets on A-4 size sheets and paste it in subject notebook.**
- **Complete your notebook / book. (all the work done in class)**
