HOLIDAYS HOMEWORK -

"Keep the child's brain active over break without them knowing they're doing homework"

Summer Vacations are the most awaited holidays for students. It is the perfect time to relax and have fun with everyone. Students have a lot of time in these vacations and they can use this time in the best possible way to learn and explore new things and develop individual knowledge and skills.

No amount of study is worthwhile without proper recapitulation. With that in mind, a series of home based activities are devised for students in the form of worksheets, assignment, projects, so that along with education at school there is reiteration through homework. A proper homework schedule is provided that ensures that the child is not over burdened at any stage.

Holiday homework is an attempt to channelize the creative energy of the children. Doing it in the right spirit with enthusiasm will make it a great learning experience. Make sure that your work is neat, presentable, original and conforms to the guidelines.

POINTS TO BE REMEMBERED

- **Preventing the spread of <u>germs</u> will help protect you from COVID-19. Take these steps:**

- Wash your hands well and often. Wash for at least 20 seconds with soap and water or use hand sanitizer with at least 60% alcohol.
- Try not to touch your eyes, nose, and mouth, especially if you haven't washed your hands.
- Regularly clean and disinfect surfaces and objects that the children touch a lot.
- Avoid contact with people who are sick. If a child becomes sick while in your care, keep them separate from the other children.
- Cover your mouth and nose with a tissue if you sneeze or cough, then throw it out. If you don't have a tissue, sneeze or cough into your elbow, not your hands
