FUN ACTIVITIES FOR SUMMER VACATION 2022

HOLIDAYS HOMEWORK

"Keep the child's brain active over break without them knowing they're doing homework".

Dear Parents

The much awaited summer break is here! This is the time that children enjoy the most. Along with all the fun activities that they will do, we would also like to keep them productively occupied with some academic work. At BCS, our goal is to provide continuous educational opportunities and practice for students. We believe, together, we will write the BEST story for our children! "Each child is an individual and must be allowed to bloom, express his feelings and ideas.

A few worksheets of each subject have been prepared to help your child revise the concepts done in the classes. You are requested to take out printouts of the worksheets.

All the worksheets should be kept systematically (subject wise) in a folder. This will be helpful while revising the concepts later. Don't take out printout of worksheets back to back, each worksheet is to be printed on separate page.

Wising all the children "Happy Holidays!"

Special Note: -

- Holidays Homework consist of 10 marks for each subject.
- Worksheets given in the Holidays Homework need to be submitted subject wise in different folders on 15 July 2022 (Friday)
- Read and Revise the Course covered in the classes.

ENGLISH

- **Revise the work done till now in the class.**

- **Reading is one of the most fundamental skills a child should acquire. Please read good story books in order to enhance your vocabulary.**

  Some suggested authors and books are:

a) Roald Dahl : The Witches or Matilda

b) Enid Blyton: Famous five series or The magic mirror

c) Mark Twain: Tom Sawyer

- **Read L-1,2,4,6 & 7 from your English Spring Book , List out new words and frame sentences (any 5 from each lesson).**
- **Do 1 page of writing daily.**
- **Do writing , new words and frame sentences in a separate thin notebook.**

Comprehension Passage

The River

By Lee Wang

Read the passage below.

The river flows down the mountain, across the plains and into the sea. Many animals live in or near different parts of the river. The river begins high in the mountains. There is a lot of snow. The snow melts and the water moves down the mountainside. The water in the river flows quickly downhill. When there is heavy rain, the river flows even faster. The river drops drops down over high rocks before flowing on. The water in the river carries along rocks. When the river leaves the mountains, it winds across flat land called plains. The river is now wider and carries more mud and sand. The river flows into the sea. At the edge of the sea, the river drops all the mud and sand that it has carried along. Plants grow in the mud. Animals feed in the muddy water. The water in the river flows into the sea. It is a long way from the mountains to the sea.

On the basis of your reading, answer the questions that follow:

a) Where does the river flow down?

_____

_____

b) What happens when the snow melts?

_____

_____

c) Where does the river go after leaving the mountain?

_____

_____

d) Where does the river drop all the mud and sand that it has carried along?
