FUN ACTIVITIES FOR SUMMER VACATION 2022

HOLIDAYS HOMEWORK

"Keep the child's brain active over break without them knowing they're doing homework".

Dear Parents

The much awaited summer break is here! This is the time that children enjoy the most. Along with all the fun activities that they will do, we would also like to keep them productively occupied with some academic work. At BCS, our goal is to provide continuous educational opportunities and practice for students. We believe, together, we will write the BEST story for our children! "Each child is an individual and must be allowed to bloom, express his feelings and ideas.

A few worksheets of each subject have been prepared to help your child revise the concepts done in the classes. You are requested to take out printouts of the worksheets.

Please ensure that your child spends some time everyday to complete these worksheets. Let them first attempt it themselves. Assist them only when required. They will surely enjoy doing them!

All the worksheets should be kept systematically (subject wise) in a folder. This will be helpful while revising the concepts later. Don't take out printout of worksheets back to back, each worksheet is to be printed on separate page.

Wising all the children "Happy Holidays!"

Special Note: -

- Holidays Homework consist of 10 marks for each subject.
- Worksheets given in the Holidays Homework need to be submitted subject wise in different folders on 15 July 2022 (Friday)
- Read and Revise the Course covered in the classes.
